		\$5.05

I don't understand its non-availability in Manhattan book stores since all the largest distributors have it, but rather than delay your receiving it, am sending one along with bill.

On Forgive My Grief, if you will mail \$3.00 to Penn Jones, Jr., at Midlothian, Texas, he will be happy to send you a copy.

Thank you for your interest.

Dear Mr. Weisberg:

This past week I was one of the viewers of the TV broadcast which stated it was a penetrating analysis in depth of the Warren Commission report on the assassination of former President John F. Kennedy. You were one of the men on that program.

It was stated you are the author of a 1966 book entitled
"Whitewash: The Report on the Warren Report".

I understood you also are its publisher. I tried to buy a copy here in Manhattan in N.Y. City, but could not find any bookstore selling it. Could I buy one copy from you? If so, how much shall I mail you?

Sincerely

Sam W. Liska

P.S. Have you any idea who published Forgive My Grief, by Pen Jones (who also appeared with you on that TV broadcast)? I can't find a bookstore in Manhattan that even heard of the book. I'd like to buy one copy of that book also.

Dear Harold:

Thanks very kindly for your courtesy & confidence in making me 1 copy of your book
"WHITENASH - The Report on the Warren Report". Enclosed is my \$5.05 check.

Sincerely
Sam W. Liske

P.S. Please forgive my use of red ink hereinafter. On my check, I also gave ink, as my callpen writing block is as defective as the mentalities of Congress and the Warren Commission commissioners. THE F.T.C. files & experience of millions of lawyers (including the pickpocket Senators & Representatives) prove millions of defective ball point pens deliberately manufactured to wear out too soon so the "lawmakers" could sell Congress to the highest bidder.

After hastily glancing thru your book, I submit you ignored the following aspects on the JFK assassination:

Whenever ANY crime is committed, the suspects include ALL who profited the most from the crime. That elementary rule of detectives and police is even more important in all cases involving large sums of stolen money & for other reasons of state or ambition.

When LBJ nominated Earl Warren to head the Commission, Warren used DUTIES as chief justice, NOT to accept. Because it was UNETHICAL for any judge to act as investigator of any felony; & since the case foreversely would be filed on the calendar of the Supreme Court of the United States, Warren would be personally interested in the aspects & or certiorari & for other writs, pleadings, records, motions, Briefs etc. so that he would be obligated to disqualify himself as a sitting judge on matters in which he was chief investigator as chief commissioner. For an experienced district attorney in California to ignore such judicial ethics, violated the canons of judicial ethics promulgated by the American Bar Ass'n (which Warren pretends to follow in all other cases). Warren disqualified himself as a commissioner of the Commission who stood to gain the most from JFK's assassination.

Among those who stood to gain the most from JFK's assassination were, one & all will be the U.S. Senators and Representatives who opposed the policies of JFK & his proposed bills; who opposed JFK the most? The Southern Senators and Representatives who opposed JFK's orders sending U.S. marshals and Deputy marshals into Alabama to force Governor Wallace and his Alabama No. 9 to stand aside while Alabama public schools were desegregated.

JFK's civil rights championship, espousals, recommended bills, lobbying in Congress, and his friendships for many negro and white and yellow race leaders for civil rights enraged and embittered the white race supremacists' Bigots in all Southern States.

Because the Southern white Nazis were implacable in their unreasoning hatreds against JFK (and his Brother U.S. Atty General) for their attempts to reverse generations of customs in the South wherein whites disfranchised negroes and robbed them of equal voting rights, equal housing, equal public schools, equal jobs, and equal pay, and equal opportunities for advancements, and equal churches, etc., the mentally blind Southern racists also picked on the religion professed by JFK and his Brother U.S. Atty Gen'l - the Holy Roman Catholic Church as a scapegoat for their craftily to use to inflame infantile hatreds by the several Protestant churches in the Southern States into unmerited hatreds against the Holy Roman Catholic Church, its hierarchy, its arch-bishops and priests and nuns and the Pope in Rome.

Every law school in the U.S. has law fraternities. When I was at one such private law school in Atlanta, Ga., in 1943, I was inducted into a law school frat; at the initiation ceremony (fit for idiots), I was taught a secret handshake by my frat Brothers (whereby the 2 hands and fingers intertwine in a manner that only that frat's Brothers knew), and my frat Brothers told me I should always thereafter use that secret handshake with Brother frat Brothers, and when I was so recognized (secretly by that handshake), my frat Brothers assured me that whether I so shook hands in any local or state or federal courts, or grand jury rooms, or in the Georgia Legislature, or in the U.S. Senate, or

in the U.S. House of Representatives, or any other place in the U.S. or abroad, that just as soon as I gave the correct handshake, my frat brother, judge or justice or grand juror or U.S. Attorney General or U.S. District Attorney or senator or representative or reporter for the newspapers or magazines or TV or radio or movie newsreels et al. would immediately grant me, as a lawyer, "favors" I would not receive if I were not a frat brother of that most powerful frat. As Atlanta, Ga. has been the headquarters for the southern cabal since 1860, & before that, such unequal, discriminatory & preferential rulings in my favor, & in favor of whoever my clients would be thereafter, obviously such a secret advantage would give me, as a lawyer, a far stronger winning percentage as a lawyer than all other lawyers would get if they were not frat brothers of that law frat. That is, way the southern cabal feloniously & treasonably stole the U.S. presidency from Samuel Tilden in favor of Hayes. And that is how Earl Warren and all his co-commissioners and attorneys and investigators conducted their phony investigation of the JFK assassination - because they, as lawyers & law school graduates, KNEW & KNOW of such secret handshakes & other secret, felonious, unethical conspiracies between lawyers & judges & prosecutors & defense counsel & grand jurors, and by their silence in their final report, & in their partisan whitewash record, the Warren Commission feloniously indicted itself.

As Warren was so unethical and so willing to compromise the Chief Justiceship of the Supreme Court of the United States by accepting illegally as part of Chief Commissioner,

investigating the JFK assassination (which Warren then learned not only from the daily press, radio & TV), how come Warren wasn't equally interested in the Bobby Baker-Cribbs to a number of U.S. Senators & Representatives, & in Bobby Baker's close working relationship to Lyndon B. Johnson, when Johnson was a Texas Senator in Congress & Vice President of the U.S.?

If Oswald alone murdered JFK (which I doubt for all other purposes), his felony was at worst, a petty misdeemeanor in comparison to Bobby Baker's crimes of Congress, insofar as the injuries to the U.S. Government is concerned. How could LBJ be innocent of accepting part of the bribes & for not being guilty of nonfeasance in never using his offices as U.S. Senator or U.S. Vice President to fire Baker, & to demand the U.S. Atty Gen'l obtain indictments of Baker and ALL his confederates, bribers, bribes, perjurers, conspirators, etc.

So Warren was a HYPOCRITE in accepting an LBJ appointment to the Warren Commission if Warren was solicitous for U.S. justice -

Just as the Southern cabal stole and destroyed votes for Samuel Tilden for U.S. president, just so did this 20th century successors to the Nazi mantles in the South conspire to assassinate JFK, & they also succeeded gloriously, brazenly & secretly covered their trails of felonies, treason & conspiracies -

My aforesaid facts, theories, analyses & conclusions are no less sound than your own in your published Book "WHITEWASH - the report on the Warren Report". The New Republic in an article by Alex Campbell, in analyzing your book, stated, in part: "Weisberg, a former Senate investigator, attacks war-like a Marine with a machine gun. Some of his shots are wild, but many of them inflict wounds, perhaps fatal. . . The Warren Report may now have been shot to death and requires a full autopsy."

If my intellectual aforesaid shots are "wild", then they are no wilder than your own in your Book, nor that of any other of the many other authors of many other Books and articles on the JFK assassination. The New Republic and Alex Campbell are ignorant and stupid in praising your Book as an attack "more like a Marine with a machine gun", because that implies Marine machine guns are efficient guns, whereas Congress conspired feloniously & treasonably to order and pay for DEFECTIVE machine guns for the Marines and Army, and Coast Guard, and Air Corps, and Navy, from the 1st machine gun fraudulent patent to The New Republic article by war-moron Alex Campbell.

On the TV program you were in the Panel with Penn J. et al., not word informed millions of TV viewers of precisely where TV viewers could buy a copy of your Book, or the Books of the others in the Panel, nor did TV state the sales price per copy. As I have witnessed many other TV programs (Mike Douglas - Variety, & other programs) wherein other Books (not on the JFK assassination) were

into U.S. protestism of the Nazi Cockburns in Berlin, World
War II?

I don't wish to overburden you as I realize you need the time
to attend to your guests on your farm.

You should limit yourself to your guests.
