Dear Mr. Lange,

Many thanks for your appreciated letter.

I was just in L.A. When I am there ~~at~~ I go at such a pace it is not possible for me to visit, much as I'd like. Also, I never know when I leave home what my phone number will be. I usually stay with friends, and they decide among themselves with whom.

Last week, when I was there, there were two nights I did not get into bed at all and all the others I had time to sleep but four hours or less. I still continue my work, in addition to the appearances, and I spend every available moment interviewing witnesses.

Sincerely,

Harold Weisberg

Dear Mr. Weisberg,

I am so thankful to you for answering my letter. It was a good thing not to put your address on the envelop.

I am from Germann, we all loved the late President so much. I am especially proud because I am celebrating my birthday at the same day then the late President

If I am allowed and being given a chance, I would ^{like} to help as much as possible.

If you do come back to Los Angeles, or if you do write just write your phone-number and the time I can call you.

God bless you and your family

sincerely,

Gerhard P. Lange.
