The Honorable Waggoner Carr Attorney General State of Texas Austin, Texas

> Subject: Check of Garages and Service Stations Patronized by Jack Ruby

Dear Sir:

Several days ago I was contacted by Mr. Vince Drain, of the Federal Bureau of Investigation, regarding a check of garages and service stations patronized by Jack Ruby.

On April 5, Lieutenant E. L. Cunningham contacted four such places which, from papers found in Ruby's car, indicated he might have patronized. A copy of Lieutenant Cunningham's report is enclosed.

Donnell D. Whittier, named in the enclosed report, formerly worked at the Texaco Service Station, Clarendon and Ewing, serviced Ruby's car when he came to the station. As you will recall, Whittier was arrested by officers of this department on November 18, 1963, at which time two machine guns and two Browning automatic rifles were recovered which had been taken in a burglary of the National Guard Headquarters at Terrell, Texas. According to our records he was convicted in Federal Court and is now serving time for this offense.

Very truly yours,

Stevenson

Deputy Chief Commanding Criminal Investigation Division

## MEMORANDUM

April 16, 1964

TO: Mr. W. David Slawson

FROM: Burt W. Griffin

RE:

Interview with Agent Frank Ellsworth, Alcohol and Tobacco Tax Unit, Dallas, Texas, (6:15 PM to 7 PM, Monday, April 13, 1964).

Special Agent William Patterson and I spoke with Agent Ellsworth in his home in Dallas, Texas. Ellsworth has finished law chool for investiduring gun sales for the Treasury Department in Dullas - Fort Worth familiar with traffic in arms in that area than any other Agent of the Government outside of persons in the FBI. Most of this interview was totally uninformative; however, I believe that we learned three things

1. At the time of the assassination of the President, there was almost no information available to the Government concerning the activities of Dallas Cubans and other groups in illegal armaments.

2. An organization known as the Minute Men is the Right-Wing group in Dallas most likely to have been associated with any effort to assassinate the President.

3. The Minute Men are closely tied to General Walker and H. L Hunt.

Mr. Elisworth described in some detail his undercover efforts in procuring the arrest of a local gun shop owner who is an ardent member of the Minute Men. As a result of these undercover activities Agent Elisworth learned that Manuel O. Rodriguez, apparently a Cuban survivor of the Bay of Pigs episode, was attempting to purchase arms in Dallas for Alpha 66. Rodriguez is also a member of the DRE.

Agent Ellsworth indicated that virtually all information gathered by the FBI with respect to Right-Wing, anti-Castro Cuban, and other so-called subversive activities was the responsibility of Agent Hosty. I got the impression from Ellsworth that Hosty is personally responsible for most investigative information developed in Dallas in connection with subversive sctivities. Ellsworth, like Agents Howlett and Patterson of the Secret Service, expressed his dislike for Agent Hosty. Each of these persons brought up Hosty's name and commented on his own without prompting from me.
