Dear Harold,

It's reassuring to know
^{the} Post does not yet cover 'Skins
games like they do certain
other important topics!

The past few weeks I had
been considering paying Newstead
price for a w.i.p. just to read
about our beloved Washington
 Redskins. Now I don't have

to. It's been tough seeing them
(satellite) lose 7 games in a
season. Consequently, they
are off the Board in the
playoffs! No bets with me.

If we could only blow the
Cowboys out just once.....

More ways than obvious.

Last year was as good a

one as I've experienced in years.

This one is shaping up the same way. A little more attention to detail and I will ensure it.

I hope to see you again soon. Until then, old friend

Happy New Year to both you and Lil.

Best Wishes always,

Floyd
