Dear Mr. Hill,

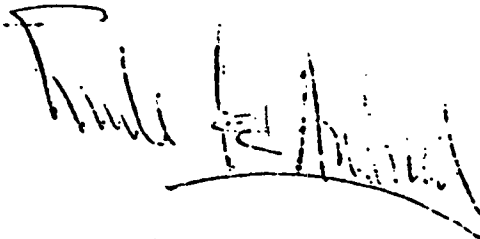

The whole issue of half-truth and distortion which have characterized the Warren Report is about to be permanently settled. Epstein's book is a gripping story but nonetheless effective. Lina's book will be out in a few weeks. Someone named Wolfson has published one of his own in my name. Frank Jones in Hollywood has a very creditable book at a fine book press. The Savage will be published in September.

Before you read another word you can easily guess my own. I do want you to feel you might like being in my film. We have one hour of the whole thing and we have many citizens or babies on film and in my opinion thousands of feet of stock footage bought from airlines at a price of half a million here.

Do enough time. Will you come up and let me film you here? We are a small, wretched little company but we are interested in one member of the whole who is so. As I said earlier, I'm perfectly willing to give you a list of questions and not deviate from that list. I don't want you to invent anything. I simply WANT YOUR VERSION OF the events of 1/22/63. History will write in what you told the commission and will our film.

Will you call me collect? CI6-4460.

Best wishes,
