

Dear Jim, Re: Lane, Downing Committee, thievery 9/20/76

Tell me if this solves any legal problems in doing something about this newest disinformation:

"A few weeks ago I went to Memphis, Tennessee, and spent some time there looking at the death of Martin Luther King. I uncovered some remarkable information, came back and briefed the members of the Black Caucus, Andy Young, Congressman (?) Burke...and Congressman Fauntroy..."

This was on KDKA, Pittsburgh, 9/15/76.

Gene also said then that Bollings was the major obstacle to passage of this resolution but that Bolling was so impressed by this "new evidence about Dr. King" that he turned entirely around.

I have a tape from one of my fine young friends, a woman just out of college.

(She made enough at summer work to buy a CB rig. Her sobriquet is not "First Name." She chose "Whitewash!" so people would ask her what it means.)

In other ways this is an informative tape. I'd like to hear that on WWDC pronto.

I had to listen to two hours of garbage, the first of Morrow, to get this and the other items of which I'll be making notes. It is sometimes pretty farout.

Downing even got the CIA to give him the Odum 1 set of pix and will be doing something with them!

He is even now saying that Bobby sent an emissary to ^{Garrison} ~~Carroll~~ to tell him that if he was elected President he would "break the case wide open."

(I wonder if Tip O'Neill would like to know that story which begins with no emissary ever seeing Garrison, assuming even that there was one - and Ark's stealing of this and then repeating it nationally after I blasted it apart in DC TV confrontation the first time he used it. I have the tape. That is when he said he'd punch my still-unpunched nose after the show and I asked him "why wait?" You were there when I blew ones Harris on this.)

Is Bolling not a supposed Bud friend?

If we are ~~synt~~ patient and continue to collect maybe we can do some turning around, too.

I think this is all you need to protect yourself with the NY bar. Lay on!

I have a call in to ^{es}, who has not been around- not even home with a kid the age of yours.

It is important to get all clips and tapes possible, from anywhere.

In time maybe even NBC will require it?

Best,
