Special Eyes Guyana Tragedy

"DEATH IN GUYANA," a one-hour RKO General production taped in Memphis over the weekend, will be shown at 9 tonight on WHBQ-TV, Channel 13 and syndicated to stations throughout the nation. Independent New York TV producer Ted White contracted with RKO to turn out the telecast, a one-hour interview with Mark Lane and Terri Buford.

Lane, who now makes his home in Memphis, was one of the People's Temple attorneys and was in Jonestown during the start of the mass suicide and murder of approximately 900 people in the People's Temple colony in Guyana last month. Ms. Buford, a former top aide to the cult's leader, Jim Jones, will be interviewed for the first time since the horror in Guyana shook the world.

Marge Thrasher of WHBQ-TV will moderate the interview and join in the questioning with reporters from the *New York Post*, the *Chicago Tribune* and the NBC-TV affiliate in St. Louis, KSD-TV, according to Sam McCullough, promotions director of Channel 13.
