Dear Harold,

I was so pleased that you received the award at COPA. While I know that you will be because you must it was pleasing to me that you were actually recognized. You deserve it so, & well. So good work. Keep in touch.

All the best,

Andy & Mary

P.S. Did anyone inform you that among the reasons for your award for not showing was that the thought you might show up to collect your plaques? That set off another round of speeches for you

And warm wishes  
are in order!
