TO : SAC, LOS ANGELES (44-1574)

FROM : *P* ASAC RICHARD D. ROGGE

SUBJECT: MURKIN

DATE: 5/17/68

At 11:43 AM on 5/17/68, Legat NATHAN FERRIS, Mexico City, telephonically furnished the following information:

Review of telephone company records of phone calls made from the telephone company and not the hotel at Puerto Valloarta, Mexico, disclosed the following calls of possible pertinence:

On 11/5/67, a call was made from Mr. RAY to number 213-893-4112 to Senorita SANCHEZ.

On the same date, another call was placed by Mr. RAY to the same telephone number to Senorita SANAY. Legat FERRIS opined that this was probably the same individual. He stated no times of the calls are known.

FERRIS continued that a call which might have some significance was one made on 11/23/67 from Mr. JOHN to Los Angeles number 670-9151. This same individual reportedly made another collect call to a Los Angeles telephone number recorded as 213-2208. This latter number apparently was garbled by the telephone company.

FERRIS requested that the above telephone numbers be expeditiously checked out and the significance to this case thoroughly explored. Any pertinent information which might have a bearing on Legat investigation should be appropriately furnished to Legat.
