Mr. Harold Weisberg  
Rt. 12  
Frederick, Md. 21701

Dear Harold,

I was saddened to hear of your recent operation and I'm hoping this note finds you feeling better. Your courage and determination are in inspiration to all of us who know and admire you!

I was also pleased to hear that despite health problems, you continue to pry information from the government. I believe Dave Wrone said you recently received a large card file. Its incredible and frightening how far the coverup reaches.

I will be ending my career as a rural journalist soon and heading for Madison. I'll be working on a temporary basis for The Progressive magazine which is planning on expanding into other areas besides publishing. I'm looking forward to it very much.

Harold, I know it is difficult for you to keep up with your correspondence so please do not feel obligated to write back. I just wanted to let you know we're all pulling for your quick recovery.

Sincerely,

*George Leopold*

P.S. Hello to Jim Lesar when you see him.
