10/5/72 Jim, I have a fairly complete report from Howard on Bud's and Sprague's appearance at Penn on Monday. I think you should read it. Some of it involves you and what you are working on. What involves me is the repetition of a dishonesty that is by now really disgusting and a reflection of real sickness. About these things neither of us can do anything. There has been a further and specifically agree not to use of some of my work, and what I most resent is the potential for counter-productivity (the crookedness is not pleasant). Worst of all there was what can get Jim <sup>in a</sup> killed. I think you'd better worry about this. You can read this memo here but without ~~my~~ permission I won't give you a copy. I won't in any event unless you agree to keep it confidential. There are too many fights already and there is nothing that can be done about the insane. EXCEPT to keep things from them, and I know somebody who didn't. Want to guess who? Harold
