Dear Jim,

I have heard what you did not tell Dave or me. that McKinnon is going to ask for a disclosure of what the internet has on the King assassination and that when she is on TV with her will be you, Pepper, Judge and that subject ^{Melanson} matter ignoramus whose name escapes me for the moment from Mass. Who is also deliberately dishonest on the King assassination in his writing.

I hope ~~xi~~ it does some good. Do you think ~~the~~ the assassina~~x~~ chatted about it over beers?

I wont stay up for it but I'd like a transcript if you can send it.

When you were opposed to it and refused to give McKinnon what I had copied ^o fr her I phoned and spoke to the ~~man~~ man who had the function of legislative re~~po~~representative. All I did was tell him what I had for her and how I'd gotten it. He was excited ~~and~~ and did not wait for an invitation. He said he'd come up the next week and video-tape me.

But he did not call the next week, I wrote ~~and~~ and got no answer and I wrote again expecting no naswer.

It make~~s~~ no difference but I wonder which one of you all of whom do and have ^{done} dumb things, particularly the other three, did the poisoning. It it is bad enough that they are all ignorant~~e~~ and have all done much harm to the establ^oshmesnt of truth so it is not unexpected that they would do whatever they could to prevent a little truth penetrating in insane~~e~~ untruths ^l they have been peddling and when they could, commercialization.

Best,

Harold
