I forgot to include in what I gave you relating to Harrison Livingstone's representation's about his claimed official rôle that he actually wrote a letter to Mike Kneff, administrator, Union Memorial Hospital, Baltimore on a Baltimore police letterhead. My source is Dr. Robert Artwohl, about whom Livingstone complained in that letter.

Livingstone was also arrested twice in Baltimore, no convictions of which I know.

I have no confirmation for the report that these arrests were because he allegedly threatened the wife of a reporter.

I attach xeroxes of the mug shots taken on those arrests.

His police number is 280 781.
