Dear Harold,

Let me first of all wish you a belated Happy

New Year.

I am writing, once more, to seek information from you — I read in yesterday's newspaper that Dr. Latimer has examined the JFK autopsy photos and X-rays, and in an interview with the New York Times says that both shots which hit JFK came from behind. I would like to know more about what Dr. Latimer said — has he written a report on his findings or is the Times interview the only record of his findings. Whichever, I would dearly love to obtain
