max ceased between Japanese relatives to me in September 1964... except for a letter sent to a New York Buddhist priest

REV. HOZEN SEKI - whose cupidity may have gotten in the way of his honesty in dealing with me & the Japanese consulate

That perhaps he was just making up a list of true observers... I hope he will understand why I have not contacted him... I am Japanese & American "combinate" a dual citizen of both countries

Wanting to give up U.S. citizenship & remain Japanese & return to Japan) My Japanese family has been contacted by persons unknown to me (probably C.I.A.) & from collecting money earlier for my return in April 1965, by September 1966 I got official notes referring to even show baptisms at my prospective return... (they do not include the attempts, the forests against my life & health)

Endure in this country! Personal. I understand you will let you know some of the reasons I am as old as I am... I would like to have read your book... I'm in radio broadcasts (WBBM) Chicago) that Garrison's life is really about to be opened. I speak Garrison's... NEW ORLEANS & received the cable of the man - I had been suspicious before that or... natural "death" of the "accidental" or... THIS MAN HAS BEEN DEAD 100,000 YEARS... please let me know if you can help me in this matter
