Dear Mr. Heisberg,

This week I visited a friend of mine and during my visit we began discussing last Saturday night's program which you appeared on - a panel on the Warren Report.

I had a copy of your book - "Whitewash" - a report on the Warren Report - I began reading it and was practically unable to put it down.

Thanking you in
advance for all your

However, now I have
had to return the book
and realize I would like
a copy myself.

I have checked all
types of book stores and am
unable to locate a copy.

Should it be possible
and if it is I would
be very grateful if you
could become me a copy.

If possible please send
it C. O. D. to my address.

Dear Mr. Hollis,

I, in the madder than usual rush to get WHITEWASH done and through the printer's (it will be out soon) I forgot to thank you for your very kind letter of 11/18, it is not because I do not appreciate it. I do.

It is just that there is so much too much for two people to do, we just cannot do everything.

There is no reason for any bookstore that wants WHITEWASH not to have it. All the wholesalers stock it. They have for months. This will also be true, I hope, of WHITEWASH II, which is an entirely new book and goes farther, with material I got from the Commission's files.

It tells who did the whitewashing and how. It will also be \$4.95 plus postage and I hope we'll be able to begin sending them out in about 10 days to two weeks, depending on the printing. We've had advance orders and will fill them first.

Sincerely,

Harold Weisberg
