

Dear Mr. Mierzejewski,

5/18/82

Sorry about the delay in responding. I've been tied up on a long affidavit in the suit for the Dallas and New Orleans field office records.

What you sent on Spitz and the car are interesting. Thanks.

On the spectro suit, back to the court of appeals. I did get more information, but they are still holding back all that is significant that they have. I put it this way because I do not really know what they tested, only what they've disclosed testing.

I do not plan further writing about the spectrographic or NAA examinations, unless there is still another remand and it produces significant information. I do plan other writing when I can.

By now you know about the NAS report.

Thanks and best wishes,

Dear Mr. Weisberg,

Please excuse the paper as I am typing this at work and had to modify it a little. Hope this finds all well with you. Enclosed is a newspaper article from about a year ago, mentioning Dr. Werner Spitz. He's the County Medical Examiner for the Detroit area, and I know he was one of the "whitewash" Drs. I knew I had it but misplaced it and gave it up for lost. Hope it may be useful in some way. Dr. Humes lives in the area also, in Grosse Pointe. I called him up one day but he didn't want to talk to me about the JFK autopsy (I really didn't expect him to). Also enclosed is a picture of the JFK car now on display at Henry Ford museum. Not a good picture but the car is behind a 5' wall of plexiglass. Found out from museum people that the museum had the car for several years, but there was an agreement with the Kennedy Family not to show it until John Jr. turned 21 (Nov. 81).

Have you ever had any success getting the spectrographic evidence from the FBI? And are you going to publish your latest findings? I really look forward to it. Have you heard anything about the NAS' delay in releasing the findings in the analysis of the HSCA methods in determining 4 shots being fired?

Keep up the important work, there are a lot of people on your side. I look forward to hearing from you.

Sincerely,

Jan A. Mierzejewski      15090 Drake      Southgate Mich. 48195
