Dear Brian,

Here is a list of the available books and an order form.

I suggest that although it is much reading, you begin with the earliest of the books you get and read them in order of appearance. I think it will mean more to you this way.

Avoiding the paranoid is not easy, especially when promoting it yields a nice return for those ripoff artists doing it extensively on the campuses.

This has become so much of a problem I have returned to speaking for what little one man can do to undo the harm.

The problem is more serious because the average person who begins with faith has no reason or basis in fact for questioning, especially when accompanied by pictures that are said to mean what they do not and too often to show what they do not.

Hope your class is meaningful for you.

And that you can distinguish between the real and the unreal.

Best,

Mr. Weisberg:

I am a student at Metropolitan State College in Denver, Colorado, majoring in history.

Presently I am enrolled in a course titled Political Assassinations. Although we are studying the other recent assassinations and attempts in United States history, the bulk of our term will be spent on the President Kennedy assassination.

I was already interested in the John F. Kennedy assassination prior to signing up for the course and have read quite extensively on the subject. But I have never read or even seen the books you have written although they come highly recommended by many people, to me. I would consider it a great asset to be able to read and own copies of the books you have written on the John F. Kennedy assassination.

Below I have listed the books I would like to receive, if there is any costs necessary to receive the books, please inform me and I will be willing to pay them.

1. WHITE WASH I, II, III, IV
2. POST MORTEM: JFK ASSASSINATION COVERUP SMASHED

Thank you, your help will be greatly appreciated,
