Dear Jan,

Thanks for the SASF and your letter to the HEC that probably will get no response.

It is ^Wall done but as you will in time learn, some of your sources are not all dependable. If HEC cares that depends on what they care about anything other than money they should heed your letter in the future.

I suppose that those who care assume that such a book passed authentic peers reviews. Of which there were none.

If they do respond, why not suggest that they ask Random House for copies of the peer reviews?

Since you last ^Vrote I've been told that NEVER AGAIN! is now slated for April publication.

Thanks and best wishes,

Hard

Dear Harold,

I belong to the History Book Club, which recently presented and recommended Case Closed by Gerald Posner, a book which I found to make a mockery of both history and historical research.

I thought you might be interested in the letter which I sent to the HBC protesting their recommendation of such trash as history.

Also, since your books are hard to find (I have paper back copies of Whitewash I and II) I wonder if you would do me a favor of sending me a price list. Enclosed is a self-addressed stamped envelope -
Thank you

Jim
