

4/10/98

Dear Kurt,

Thanks for the thoughtfulness in having JFK Lancer send me what you did. I do appreciate it.

However, if the thought strikes you again, please consult with me first because additional reverses in my health that I've been lucky to survive reduce the time I can take from the work on which I have been engaged for several years now.

Work that I want to do as much of as will be possible for me.

Now that as of today I am also two days past my 85th birthday.

It is work for which there is little available raw material.

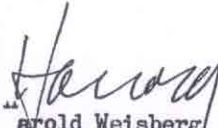

And I do not now take time for any of the theories.

Anna Marie has dug some worthwhile stuff up .

When her husband was shifted to the southwest she stopped off here first. She then promised to send me what interested me much and in several years has not gotten around to it.

She had a good instinct when she was working in the Archives and did much good, for which we all owe her much.

Thanks again and best wishes,

Harold Weisberg
