Dear Mr. Weisberg,

To thank you for your reply of 6-12-94 with the address of James Earl Ray, your book "Frameup", and the address of the AARC in Washington re: the Oswald - Mexico file, this is much appreciated. I am enclosing Tom Wilson's, ( a copy ), reply on his computer analyses of some of the assassination photos-films. I had inquired of Dr. Cyril Wecht because I wanted to see if Mr. Wilson would sell me a copy of his work on the Mary Moorman photos. Wilson is written about in Dr. Wecht's book, "Cause of Death", and I had seen a small piece on him last December on A&E TV "the Men Who Killed Kennedy" show. I did not intend to publish the photo work but merely wanted it for my personal JFK material. His work is most interesting on this aspect. I do know the diagram in "Farewell America" is pretty close to what his findings are and we are talking about a 20 year gap between a book published in Europe and a private paper written in Pennsylvania, it would be absurd for me to call this coincidence.

I will mail you a money order for "Oswald In New Orleans" next week and I would greatly appreciate it if you would autograph it for me, this would mean a great deal to me for my personal collection. Enclosed also is my reply to Tom Wilson for your info also. Again I thank you for your valuable time and consideration and I will be in touch with any new info I may run across from time to time. I consider you as the lead authority on the Kennedy Assassination, as do many others. Colonel Fletcher Prouty also holds you in high regard [also,] he speaks highly of you and your work.

Sincerely,

*Penn McLeod*
