Dear Gary,

I hope your long silence means that you are that gainfully employed!

and that it also means there is no more bad news from down there, like Livingstone and his defamatory insanities that will soon be in print with an initial 50,000 copies.

I was reminded of that kind of terrible thing so many have been up to in catching up on some filing that is uncomfortable and difficult for me so I let it slide. What I was reminded of is that the Third Decade intelligentsia, in advance of their last months conference in Providence, RI, actually solicited a paper on me as a government disinformation agent. The solicitation was by George Michael Evica and Charles Drago, who appear to have been the honchos on that deal. I waited until after it was all over and asked Evica what or who put him up to that. He did not respond so two weeks later I really insulted him. That got an evasive response, they were doing that to protect my reputation, but he failed to say what got him off on that kick. He did imply that, his names, it was M²arrs and White. I take that to mean Jim Marrs and Jack White. He referred to letters from them in a letter to another of which he sent me a copy but he did not send me their letters.

I have no address for either. I'll appreciate it if you would be kind enough to phone each, read each the ~~page~~ preceding graf and say I've asked you to ask them to please send me copies. I do not plan anything public at all. It is not worth the time. But I would like to know what they said, if they said anything like Evica says or that they did not, just for the record. Please tell them also that I'd never known of anyone other than Livingstone to say any such thing and that Evica refused to say whether or not he had anything to do with it. Or, if you would rather just send them copies for me, please do. (He said "wc")

Gus Russo, from whom I hear only very rarely, told me they have a picture of Oswald and Ferrie together. He also has a book in the works, I'm told, with a co-author doing the writing.

Thanks and my best,

Harold
