

Dear Mr. Majerus,

4/1/74

Pursuant to your letter of 3/29 I will send you the three books of the Whitewash series by insured mail in the morning.

You say you plan to draw heavily on these books in your thesis. Let us keep this nice and clean, so this is to give you the permission you did not ask for use of this copyrighted work.

It is not necessary, but it might be nice if you have a spare copy of your thesis if you could let me have it for inclusion in whatever archives in which my work finds its resting place.

Oswald in New Orleans is out of print. I have to ask for the few remaining copies what it costs me to replace them, \$21.00.

The book deals with the avoided and misrepresented evidence having to do with Oswald's career in New Orleans. It predates Garrison, includes a few news accounts coming from him early in his comments (plus a foreword by him) but is independent of him, and it attempts to give meaning to what was withheld and misrepresented.

It contains some prime examples of the FBI's and the Warren Commission's determine not to investigate and what it did as a substitute.

I have also done a book on the King assassination, the only one not conforming to the official mythology. I have all the remaining copies and still sell them at the listed price plus postage. It contains some JFK information, including the facsimile reproduction and commentary on some FBI reports relevant to plans to kill both JFK and King about which nothing was done.

Best of luck,

Mr. Weisberg,

I am a student at Seattle University majoring in political science. I have been studying the assassination of John F. Kennedy intensely for the last three years. I have collected many books on the subject, including "Rush to Judgment", "Six Seconds in Dallas", and "Accessories After the Fact", to name a few. I have read "Whitewash I", "Whitewash II", and "Whitewash III" but I have not been able to obtain copies of the books.

For the last two years I have been studying the assassination with a friend of mine named Kevin Roberts. It was at my suggestion that he wrote to you asking for a copy of "Whitewash I" (I had written to some authors, but my efforts seemed fruitless as I received few replies).

I am now in the process of writing an extensive thesis on the assassination. Information from your books will constitute a major part of my work and having the books on hand will greatly help.

I would greatly appreciate it if you would send me copies of "Whitewash I", "Whitewash II", and "Whitewash III". Enclosed is a

check for \$15.25, which includes \$4.95 for each book plus 40¢ for shipping. If this amount does not cover the full cost please let me know and I will pay the balance.

Please send the books to:

Please send the books as fast as possible.

P.S. - Kevin Roberts also mentioned to me that you have a few copies of a book on Oswald's movements in New Orleans. If possible I would like to know generally what kinds of information it contains so I can tell if it is pertinent to the case I am presenting in my thesis.

Thank You

Mike Majerus
