

1) Purpose: "complete chronicle"

Historical value: like in Lincoln. Facing  
memories of witnesses.

Date agreed on "most important" election  
year - critical books attacking gov.  
He was to answer this

Makes no up to contrast with others than the

"Up to him to dictate the terms" - re report  
the one "national tragedy" compare with  
his statement to other effort

Look at lessons on Corke's question on tapes

References to "integrity of the law" is enough of  
his integrity.

Not "hostile" to persons! (tray!)

Kennedy political involvement - MacNeil -  
check what he says

On "special privilege" - "I accepted" for profits  
accounting - on C'Donnell - false "witness"  
against a partner - the Commission's visiting  
witness "method of establishing truth"

2) In pie - possibly didn't get Kennedy out.  
The Brighton should have first words in  
column - "I don't feel tell me he  
was present" 5 R cases in.

Case on publisher's picture & how much  
from a memo written by Manchester  
himself. "I felt I had a single  
responsibility to history" - compare with  
biography

"A writer has a single obligation - to  
his readers" & to tolerate

On Thomas's letter of protest articles in  
J - does not believe letter was written -  
got published - "I intended to publish  
this & I meant to give it to you"!!

Robert (of feature) on both + Mrs R being  
held up. Reports "writing controversy" based  
of "prop"

Admits conversation of O's night 11/1  
not a.m. so he says.

"I went through a full year of files of the  
Dallas morning news" - got Mrs R's  
news' Evidence on climate + could
