I an very glad to hear fron you and nore than mereit glad about what you have in mind for your materials. I think you cannot do better then to deposit them at Hood.

Jerry licknight is a dear friend. I read your letter to him and he is anxious to have your naterials ion the archive. He is presently on sabbatical, working on F'BI records on the koor seopies Campuign and is not at the coleege. It you want do discuss anythine with hin his houe phone is 301/473-5639. The librarian, Charles Fuhn, is a fiine fellow, too. The recorls would go to him, at the libriry.
hood is breaking ground for a now and modern library in Hay. I've seen the plans and they have allocated a generous amout oi speace for these collections. They also have plans for makini: the materials mor: widely available but I'a not familiar with thera or the technology invoiver.

If Greg did not tell you, my maturials now tine up about 60 files cabinets, nostly records I got under FOIA, and I can't tell you how many boxes. Recently I gave them about $8-20$ feet of CIA records on mind-bencine and a tione paper has already been done on them. In fact, quite a few good papers have been done by students there.
it this point lhip Selby phon d. He will sena you the cassette and a bill. It is about 30 and you've saved the tine and effort of ritinf hind.

I'rn trunsferring there as I can, what $\ddagger$ don't anticivate needing. Today it was the Cburch cowittee and sone other hearings and ruports.

If you ne:d the space or want to get the materials out of the way, just send them. No question. If there is anytinus else you'd like to know or ask, let ne know or get in touch with Mchinght or Kuhn or both.

Hy the way, for the past couple of years I found another advantage of having these records there. Beginniue beiore the 25 th anniversary i had miny recuests but it is beyond ny physical capabilities, as Gros may have told you, to handle stairs of ten or to search. Hood has always rrovide: a nore than competent student to do the sewrehind and copying for quite a few TV specials, authors and lawyers, ali foreign and domestic. I've not had any complaint.; about any of them. and student.; can use the extra incone.

The phone is rixuine to, wuch tonifht but I want to fiznish so I can mail this in the morning. wonsiderine, I'm in more than reasomably good he Ith becuuse I'm alive, having been on borrowed ti. efor 15 year.s and nore operations that most jeople have. fecoviring now from ojen-hourt, triple bypass. Be 77 april $i$. and I'n as active as is perwitted.

Alnost forgot' Achnight's address is 54j3 Bhookstown Rd. Frederick, 2 1701/6
I1' there is anything else you'd like to know, just aik. Iy' you write Kuhn, Hood College, Frederick, qill reuch him.

- really think you can't do better tnat to dejosit at Hood.
