Dear Hal,

Does this envelope from Travis's "Alien Agents" validate your critique of his work as "incredible trash" and "nuttiness" as per page 84 of "Case Open"?

I would think so! Oddly enough, Kilgallon and Robert Ruck did do good work on the case back in 64/65.

Though it has often been printed, I don't believe Kilgallon did get a private interview with Ruck.

"The J.F.K.'s Dream" states you eloquently addressed but is now given the spin of blaming The Kennedys

Family!

Stay well.

Sincerely,
Ed Williams
