Dear Hal,

Thought these
publications would
interest you.

For once I agree
with him! Gooden.

I wonder if
Gooden will quote
Jesse's boom his
O.G. debate?

Jim Mayer's book
is out in paperback
and selling well.

"This tells you what
well." Alien Agenda.

Montee was
killed because of F.K.
"Total bet about
The aliens."

Mayer makes
people like A.G.
Waterman seem real.

The younger generation
watches Dark Sky and
The X Files ~~and~~ ^{and} leaves
J.F.K. was billed to
protect The Alien Cover-
up.

I enjoy The X-Files
as entertainment.

You wrote in
The Revised Photographic
Whitebook how young
people's minds get
tripped off.

How ~~is~~ right
you were!

The Baltimore Orioles
don't play up to
their talents.

Stay well.

Sincerely,

Ed Williams
