

1. Flores is not "The autopsy"

"diary" for "diary"

"Don't believe anybody"?

"list of deaths" 10/4/64
("sudden cancer")

"frankly top crop" of

"common deaths" 1/10/54

like Culp Prod

occurs 10/54

George de M was "a

key assumption

witness" (10/54)

1060 J M English "prime

lead of FBI Forensic

Scenes & notes" when

(for relevance)

1063 - J M not made public

immediately" First by WC 9/64.

11/64 & two years later we had

some cases at de M's and most

2) of what has come out had not become available as the
day on 1063 "looked out after the passage of many
years" - FOLK

1064 J E Homan was not "facing the end of his
career ... because of" FR. Denny was not
considering firing him & had reappointed him although
he was of the age of mandatory retirement

1067 Just not ~~so~~ about radio control of esp. & of
a transmitter. Citing from Holes & something dangerous
from a rear pocket or implication on film of a witness
in motion

1069 "slug" (?) "taken by a man later identified
as an FBI agent" "identified" by whom?
Some Dearest or not? No search I.D.

Confiscation of film by "federal authorities"
is a concern. They in fact worked the film to
the degree possible

"authorities" for DPD example of loom & mislead way
writing on a piece which references to "without us"

1072 "The federal
year 2039" while the HSI set sealed up its evidence for
50 years "not so"

1073 "suppression" includes "the actual results of
spectrograms and X-ray activation tests" &
"I would be surprised" and "The incident's
involving that Sylvia Ocho and Yuri Nomenko"
not connected & he does not know
what they're talking about.

1074 Now when he talks ~~of~~ about "witnesses" who
"found up dead ^{under strange circumstances}" the cab driver William
Winsky he sure has a case of "strange circum-
stances" - "Tami Kagi"!

"A highly Denario" 1084 ff begins by
saying that "The plot to kill Kennedy" can't be
stated because the man was "attard destroyed,
all kind or masked by false lead" which
which of the many alleged plots? And what
about the hundreds thousands of pages of records
of which he is ignorant?

Out (1080) "The broad outline of the plot that
killed Camelot can be discerned by diligent
study of all available assassination". He hasn't
seen or tried to see it and is really talking about
fantasies written by buffs. and what follows is
"many" not just a word.

1088- subg & unjust "But those Mob bosses
were smart. They realized the consequences of their side
on Kennedy's death should have become known" wouldn't
any body other than a Mongolian idiot? and
what he is really talking about is people
who had no connection at all with JFK's murder.
They were trying to talk back to the CIA

all parts of unagm ingo started as fact -
 acco I didnt see a single footnote
 hope, in 1089, allegation of Hoover's "contact
 with his close friend, "LBT - Not really more
 about each other. Hoover was asked quest ion & ans
 answers through channels

1089 attack is "The CIA's largest aviation training
 center" at 10 in fact Air Force and CIA used it for
 U-2s. Did he never hear why the pilot had null
 stature & mass - to like the Philippines?

This page has a fanciful description of LHO!
 distasteful - ~~atragi atragi~~

This whole section is well unagm ingo
 password aspect
 1094 To be sure full of verities factual errors, like
 when voice on & could go to his Army house
 it defames LBT of whom I was not a
 fan, in a gross fabrication & flout my
 regardance of the base & well known facts
 on saying that this "fuser" did as President was
 to order the removal of Kennedy's body from
 the Hall as "medical examination" LBT had
 not hung to do with it, it was the
 JS way, to it was like LBT
 was involved
