×	The following investigation was conducted by SA JOHN L. QUIGLEY at New Orleans, Louisiana, November 29, 1963:
* - *	On August 10, 1963, Lieutenant FRANCIS L. MARTELLO, Platoon Commander, First District, New Orleans Police Depart- ment, advised that on August 10, 1963, he interviewed LER HARVEY OSWALD at the First District Station, New Orleans Police Department, following his arrest on August 9, 1963, for creating a disturbance while distributing Fair Play For
	Cuba Committee literature on Canal Street, New Orleans. Lieutenant MARTELLO stated during the questioning of OSWALD, he examined contents of his wallet. Among items found in the wallet was a piece of paper which, upon examina- tion, disclosed handwriting and handprinting in Russian as well as in English. At the conclusion of the interview, this piece of paper became mixed up in his notes and it was never returned to CSWALD since he did not discover it until after OSWALD's release.
1. 1. 1.	Lieutenant MARTELLO stated the original of this piece of paper had been turned over to the Secret Service, New Orleans, Louisiana, however, he had made an exact reproduction of the contents of this piece of paper and which he furnished to Agent.
	A review of this document reflected among other nota- tions thereon, the name of ROBERT, 7313 Davenport Street and 757 French Street, Murret.
	A review of New Orleans FBI files discloses that the address 7313 Davenport Street was the former address of ROBERT LEE OSWALD, brother of LEE HARVEY OSWALD, as furnished to FBI New Orleans by FBI, Dallas, on August 14, 1962.
	The address 757 French Street, according to FBI, New Orleans files, is that of Mrs. CHARLES MURRET, who is the aunt of LEE HARVEY OSWALD.
	It should be noted on this document appearing in English was "United Press 72668", behind it the names "GOLDBERG and MOSEY, and "Ass. Press 776430", followed by the name
	"JOHNSON" .

Information on this arrest appears throughout of files and printed record, usually in prejudicial and dishonest form. The was no FPCC chapter in New Orleans, despite the official false pre-

NO 89-69/jab Lieutenant MARTELLO advised that at no time during his two interrogations of OSWALD did OSWALD tell him that he was being paid \$25 for the distribution of Fair Play for Cuba Committee literature, or that he was being paid anything for the distribution of this literature. 362 CR 75 NO 89-69 JLQ:jab Inquiry through BILL CRYDER, Associated Press, and IRVIN J. VIDACOVICH, JR., United Press International, New Orleans, on November 30, 1963, failed to develop any informa-tion as to the identity of these individuals or the significance of the numbers. The significance of the Ferringer of the writing on this document is unknown, 363 CR75 tense. The Report says (R728): "In late May and early June, Oswald apparently began to formulate plans for creating a New Orleans branch ... passing out Fair Play for Guba leaflets ... maintained that he was a member of the New Orleans branch ... " On the next page: "On August 16, Oswald ... again passed out Fair Play for Cuba literature ... " It does It does little good to say, as the Report does, that "Oswald was in fact the only member of the 'New Orleans branch', which was never chartered" (R729), for this maintains the fiction that it existed and Oswald was acting for the national group. Buried in back of the Report, it is in any event lost and was ignored in the press, which adopted the line of-ficially intended and lustily and falsely proclaimed the existence of a New Orleans Chapter. When the FBI straightfacedly reports and the Com-mission accepts that it made anything that could be called an "inquiry" that "failed to develop any information as to the identity" of these world-famous correspondents, the dishonest intent is clear. Inquiry of the proper news-agency officials would have disclosed the identities of their Moscow correspondents, as would reading anything except the comic strips and the sports sections of the newspapers, if FBI agents read anything else. Likewise, only a refusal to investigate, to try and find
