

From Bill Martin

Saw ONI man Guy Johnson at CRC meetings.

Worked for Banister while in law school. Thinks he may have seen Oswald there but is uncertain.

Also was investigator for "Anti-Communist Committee of the Americas". Maurice Gatlin. Banister later. Remembers when Banister came in. Martin in Caribbean section, director Internal Relations. Gatlin fell out of a 13th story window (Puerto Rico?) while at ending a meeting he had wanted Bill to attend.

Lyman Kirkpatrick, CIA, had meeting International House.
