Dear Shirley,

With thanks, here is your Allmen letter. Offhand, I'd believe anyone in preference to A. I'm glad to get that info. I'll put away for when I may need it. Did Couch or Underwood give pertinent testimony on the conflict?

Who is Mike? Have you heard rumors of Tippit running around and another (married) woman carrying his child at the time of the murder?

I know nothing special about the condition of JFM's health at the time of the assassination, but if it were so bad he'd have died soon, that was the purpose in assassination: Moray killing. Doubtful.

The latest Garrison rumor is that LIFE is about to attack him for being a Mafia guy. That's more difficult than most to credit. Not about LIFE as much as him.

Hal Verb wants to attend the Shaw trial. He asked how far you were from Penn. I could only refer him to a map. He has been helpful to me.

Sincerely,
