Dear Mr. Marvin:

Your undated letter was delayed reaching me because you sent it to an address we left nine years ago.

This also means you are very out-of-date on the subject of the JFK assassination.

Recently there has been considerable attention to some pretty wild theorizing. The net result is the destruction of all credibility.

I hope you can understand that I would like to know what is going to be said before I agree with it.

If I am in accord I will agree.

If well and responsibly done the project sounds worthwhile and I would be for it.

However, it has been my experience that the beliefs of most people have been shaped, sometimes inflexibly, by those who know little and care less as long as they receive attention or are paid.

Very few are in a position to discriminate and most people do believe what they are told, particularly if it is represented as proven, whether or not it is.

Let me know when you can.

Sincerely,

Harold Weisberg

Mr Harold Weisberg

I am writing to ask your permission to use your "Whitewash" series, as a basis for a film documentary I am planning. I have read "Whitewash I&2" and feel they are the most thorough books I have read on the subject. Unfortunately, they have not been given as much attention as the others.

I am only an amateur film-maker, but I have spent a great many hours of research on the Kennedy Assassination.

I don't know if you are familiar with the American Film Institute, but each year they award grants for film-makers. I intend to write up the documentary and submit it to them. If by some slight chance it is selected, I will of course share any financial profit with you, 50%--50%. If it is not accepted, I plan to finance myself, and shoot the film in Super 8 format.

Mr Weisberg, I am ~~not~~ doing this film just for what ever financial gain I might get, if any.

I have studied the Kennedy Assassination since 1965 and feel very strongly that the American people were lied to. I loved and admired John F. Kennedy very much. We have a right to know the truth.

Mr Weisberg, I sincerely hope you'll give me your permission to use your books. Maybe we can stir something up.

Sincerely

David Marvin
