

Joe David

Do you remembers signing a receipt ~~for~~ to Gordon Novel for the purchase of a Koth Micro-miniature two-hour, wire recorder in a block three-inch width Evans attache case with a custom built magnetic reed switch, on-off, and miniature microphone in the handle of the case.

Novel says that he defies David to produce one document for purchase of any printing with Novel's name onit. Novel says there is no~~x~~ such document.
