

SAINT ANSELM
COLLEGE

September 8, 1998

Harold Weisberg
7627 Old Receiver Road
Frederick, MD 21702

Dear Harold,

Sorry to hear of additional health problems for you and Lil. Hope you are both feeling better.

I am sorry for delaying for so long in writing after my return from Frederick. As soon as I returned, we began packing for a move to our new home. It took a solid three weeks of packing, a week each for the attic and the cellar. But it is done. We are in our new condo, and quite happy with it. It is infinitely quieter than where we were.

Our new address is:

1465 Hooksett Road Unit 424
Hooksett, NH 03106

If I can find some labels, I'll enclose them.

As soon as we settled, the new semester started with large classes to contend with. But I did want to let you know that I will deal with the final corrections to Inside very soon. I will send a corrected copy in the not too distant future.

It was nice seeing you both again. Thanks for all of your help.

Nancy sends her regards to you both.

Take care.

Dennis

Dear Dennis,

9/14/95

May your stay in your new home be the happiest of your life!

Whenever you can get to Inside, fine. You say you'll send the corrected copy. Be sure, please, ^{also} to send the copy on which the corrections to be made were indicated. In practice I read the corrected copy with the copy on which the corrections were made near me and when necessary check it. Also, as I turn the pages of it, ~~if~~ where a highlighter is used to attract my attention, it is attracted.

I'm in what I hope will be the last chapter of what I've done with and to Tuzman and Fetzner, rather long, more than 300 pages now. I also have waiting for me the corrected copy of what Dave and Jerry both like, Whoring with History: How the Gerald Posners Protect the King Assassins. In taking Posner on again I was able to work in a bit of the unknown evidence in the King case.

I've not heard from Gerry for a while so he must be busy. He and Hanh-Trang were very thoughtful in sending us a rice cooker because rice henceforth will replace potatoes in my diet along with other changes from the renal failure. Fortunately, I like rice.

Dave is coming along with his book. First several chapters good.

Believe it or not, this ribbon is about two weeks old. The sale on them is so little now that the wholesaler's stock is quite old. The store ordered this and another one for me

Thanks for your good wishes and best to you both,

David
