Dear Dennis,

I'd assumed that you were busy.

Hope you can get the suitable housing in Boston. That Nancy got that job is fine!

We were at the Wrons wedding yesterday. Jerry drove us there, to beautiful old Annapolis. David is a handsome young man and a fine one. His parents and his sister, who is a medical ball of fire, all looked happy and well. Dave did not appear to be uncomfortable in the fancy getup and the women were beautiful. As ^O is young David's bride.

On the police (and I'm sorry I did not know or forgot if I did that you and Jerry will be going into that), I have a new and a cherished friend who has been getting copies of records from the Dallas city archive. First I tell you that I am certain he will want to help and then add that he stays busy. He has a successful and growing security business in ~~Long~~ ^{or} Hughson, California.

He is Bill ^H Bills. I'll let him know that I suggested that you ~~are~~ ^{or} Gerry ask him for what you think you can use in the event he has it.

I expect a story in the Post on the Zapruder film going on sale in ~~your~~ your friendly grocery store, so to speak. I'd expected the Post's story by now and if through all the noise that overwhelmed my hearing aids I understood correctly, Today asked Dave to be in that show tomorrow. But that may have been on the government's intent to buy it from the heirs. anyway, if you see any stories on the making of the film available to all, I'll appreciate copies if you have the time.

Thanks and best,
Harold

I have a printout of what the police gave the Texas Court of Inquiry. Not the microfilm, which I'd borrowed, but a not always clear printout. Takes up much of a file drawer.

Dear Harold,

Just a note to let you know that I haven't fallen off the edge of the earth! My apologies for being out of touch for so long. I am afraid that I have been greatly distracted by all kinds of obligations since the school year ended.

Nancy took a new job in Massachusetts, working as a regulatory affairs specialist for the various laboratories of Lahey Clinic scattered around eastern Massachusetts. The job itself has been a difficult adjustment for her, and the disruption of being away from home has not helped. Consequently, I am trying to put as much effort as I can into finding suitable housing for us in the Boston area and selling our house in Manchester. In the meantime, we are fortunate to have Nancy's sister living 5 minutes away from where Nancy is now working. Nancy is thus able to avoid the mad rush hour commute to Manchester. Once we get settled there, life will be easier. The commute for me will be against the traffic, and not every day.

I also have found myself in the position of treasurer of the Manchester Choral Society at a time when the organization is experiencing major financial difficulties. That has also cut into my time. Enough of excuses....

I understand from Gerry that he and Bill had a good and productive visit with you and each other. Sorry I was in the midst of final exams and unable to join them.

As Gerry probably told you, I worked on a section of our project last semester, in the form of a paper on the Dallas police handling of evidence, drawing a great deal on your work. I presented the paper at an academic conference (Academy of Criminal Justice Sciences). It was well received. I am doing more work on that currently to turn it into a decent chapter. Currently, I am going through police testimony before the WC. I understand that the Dallas police assassination files are in the Archives. I would like to look through them, as well as talk with you about it, and look through your files, perhaps sometime in July.

Hope this finds you and Lil in reasonably good health.

Nancy sends her regards.

Sincerely,
