

Dear Dennis,

9/21/97

You are correct. I had and send herewith the eight Riebling chapter. I suppose there had been some development that caused me not to send it.

Because of the paper I almost sent you the copy but that is not as clear and if any pages are damaged when you get them I can then send those pages of the copy. It is Ozalid paper, the last of quite a few packages of it I had. It was for a special and I suppose cheaper copying system H & R Block used. I once worked for them and then managed an office. The owner of that franchise gave me all the Ozalid paper they had when a newer copying system was used. So, if brittle as it is any is damaged, I'll replace it.

As I indicated I think my niece can shift the Groden ms to a format you can all use. I have no idea why she used that one. I should be hearing from her soon. I suggest that you not take any time on this until we find if I can send a disk with a convenient program.

When you phoned I was at the dentist's. And early this morning I broke the two lower front teeth off on an apple.

I got 30 extra years of use of them and the ones on each side of them!

In 1968 I got an attack of pyhrrhea. I'd never had it and did not know what it was and I was away for a month when a friend took me to his dentist in New Orleans. That dentist was about to pull them when he said what the hell, you'll be home in two days and can see your own dentist and I want to go fishing. So he drained the gum and my own dentist told me he'd not pull them. The treatment was uncomfortable but until that apple this morning they've been of a little use. My present dentist takes calls on his answering machine so I'll find out if when I have no pain he'll want to see me before my appointment in three days.

Jerry is on his way over. I hope you and Jerry have a chance to spend some time with him and learn what he has gotten or knows I have that you may want to consider using.

Thanks and best,

When you have the full Riebling disk he'll be able to use that. I suppose a few others would like it. We can talk about that later.

Of the two books I suggested and turned over to him what I'd done, ExSess on the executive session and Honorable Men on the lawyers he is going to do Exsess first, which is fine.

To you both, Harold

Dear Harold:

I have finally completed going through all of the *Inside...* chapters that I have — both on disk, as well as copies and originals of the manuscript. I am sorry that it has taken so long, but it was not possible to get to it sooner.

Of the Riebling material, I have the first seven chapters which have been put on disk, but I do not have the concluding chapter one in any form and do not recall seeing it. If you have a copy that you could send, I can type it into the computer and put it on the disk with the rest of the book.

The other chapter at issue was Chapter 33. I do have the original manuscript, but I believe it is one that was on a defective disk. It is not very long, so I should be able to get to it myself some time soon.

I also have in my possession the original manuscript of the Riebling and several other chapters from the second part of *Inside* that have already been put on disk, though the corrections not yet made on many of them. As soon as I satisfy myself that they have been completely typed up, I will return them to you.

I received the disk of Bogus from Gerry a couple days ago. I have had a little trouble with the Groden disks — they are in a format that requires a specific program (Aldus Pagemaker) in order to access them. I have since tracked down a copy of the program so that I can read and print the book. But I think I better send a print-out of it to Gerry instead of the disks. I will at some point be able to convert it to a more usable format, but it is a time consuming process. I would recommend that if it is possible that any typing be done on commonly used word processors programs so that the disks can be used by anyone. (These are WordPerfect, Microsoft Word, AmiPro or Wordpro.)

I telephoned your house this morning around 11:00 and you were out, and I haven't received anything from you in a week or two. I hope you are doing OK. I will try again a little later. Hopefully, we will have spoken by the time you get this.

Best regards to Lil.

Sincerely,
