

8/15/97

Dear Dennis,

Reur 8/12, let us wait another week before you go to the trouble of another printout of those Inside chapters for the doctor. <sup>It</sup>o rush and maybe it will get here.

Sorry the rest is trouble for you.

If you have not yet heard ~~from~~ Gerry, he will be making a disk of Bogus for you. I miscounted how many I'd need.

Sorry, of course, that <sup>E</sup>than has such problems.

Riebling <sup>as</sup> a separate disk can be useful if that is not too much trouble. If you can make them or have them made, please let me pay for them. Jerry has a xerox. Dave would like one, I believe, as would Bill <sup>N</sup>eichter and a Bill you may not have had any association with ~~is~~. He has been wonderful. Bill Mills has a high quality security service in <sup>H</sup>ughson, CA, a rural area where there is no home mail deli<sup>v</sup>ery. His PO Box is 1119 and the zip is 95326. He has a friend who is starting a xeroxing business and they have been providing me with copies of WW and O in NO. Bill has done me many other favors. That is 1119. And I think that <sup>G</sup>erry should read it.

I've not heard from the law school dean or from <sup>M</sup>arwell to both of whom I sent full copies of Bogus and the exhibits. I'll be writing the dean soon. <sup>It</sup> has been three weeks.

An ARRB release today puffs them up for accepting a duplicate of the AP wire copy for the period of the assassination. The release makes mention of <sup>V</sup>aughn Header but not of the Dallas doctors' press conference at which they three times said the President 's neck wound was from the front.

I understand that <sup>K</sup>ermit Hall is a candidate to replace the OSU president who resigned to go to <sup>B</sup>rown. So he had a point in seeking and getting attention.

I hope that before long Jerry can get disks made of the second epilogue to Waketh. He has the one disk <sup>I</sup> have for that purpose. The uncorrected errors in it ought not be any real problem. <sup>H</sup>e paid me the high compliment of saying that ~~any~~ some of it, on the media, is Swiftian. That is high praise!

Thanks for your good wishes. <sup>B</sup>est to you all,

*Harold*

Dear Harold:

Just a note in response to your last couple of letters. Sorry for the delay — I was away for a few days.

I have been trying to sort out the problems you refer to. First, the mystery of the missing originals of the Riebling. I looked in what I have and indeed have the originals for all but two of those. I believe that Ethan has one of those that I do not have, possibly both. The untitled chapter is one that I do not recall seeing, but hopefully, it will turn up. I have been trying to contact Ethan, so far without success. I expect that I will succeed in the next few days. I will meet with Jamie next Monday and will find out what she still has. She told me that she had one chapter that was not yet done. She was at work and did not have it with her, but believed that it was an unnumbered chapter. Chapter 33 is still with Ethan as far as I know.

Ethan, I'm told by others in the department, had a difficult time last semester. He is the best student I have ever taught and a very fine person. Unfortunately, he is plagued with serious mental health problems which cause him great difficulties.

I will take care of separating out the Riebling from the rest of Inside as soon as I get all eight chapters back in my possession.

Sorry to hear that you have not been well. Regards to Lil.

I'll be in touch next week.

Sincerely,

Dennis

P.S. If you do not receive the printout of the first part of Inside in the next few days, let me know. I will print another copy and mail it out.
