

Dear Dennis,

8/9/97

Sorry we've been UPSed but there is no rush. I hope the union holds out for an end to what got its real start under Reagan, working people parttime and with no benefits. It means that for those without medical insurance the government has to pay the costs here and I believe in many other places. So that the rich can get richer. If they hold out and win and if UPS gets hurt as it should by those who have depended on it, that might be the beginning of some reform of abuses of working people.

Hope you enjoy your visit ~~with~~ your folks.

By now you should have the disk of Bugus Revelations. Jerry has not yet made arrangement of have disks made of the ² second epilogic to Waketh. He has been enjoying at least some of it, what I did to the press ^{with General Butler} he laughs and refers to its rather Swiftian.

A friend of Posner's in Texas says he says people will be surprised at what he will say about Ray and the King case. I am not impatient to see it.

I did separate the ^a Riebling chapters from Inside and Jerry has a xerox of them and is going to use some of it in his writing.

I came on many copies I'd made for Honorable ^{en} and a fat stack of copies I made for Mangold after he phoned me from England and before he used Goldberg to make Faustus of him. I gave them to Jerry, too. Or, I think that by the time you and or Gerry get her^e and can tell him what you'd like to use he may well be able to direct you to some in what I've given him recently.

We hope that when you come Nancy can be with you.

Best to you both,

Harold

Dear Harold:

Hope all is well with you both.

Last week I printed the first 15 chapters of Inside... that you had asked for and gave them to our secretary to send out. She did — by UPS on Friday! Most unfortunate. I expect that the parcel made part of the journey before the strike began. In any case, I'll wait a few days to see what happens. I expect it may find its way to Frederick in a few days anyway. I will be leaving tomorrow morning to visit my parents in Maine for a few days and will check with you when I return next week to see if you received it. If not, I'll print another copy and send it via U.S. Mail.

I received the package with the chapters for revision as well as your letter regarding that material. I telephoned Jamie and made plans to meet with her next week. Her computer has been acting up and she has not had the money to get it repaired. But that should be sorted out by next week and she should be able to finish up this project soon. I will keep you posted.

I was looking up some things on the internet and stumbled across the self-promotional "website" of Gerald Posner. On it there is an announcement of his latest project, a book allegedly on James Earl Ray and the Assassination of Dr. Martin Luther King, due out next spring.

Gerry and I are working away on the book project. I am sure we will have some questions for you before too long.

Regards to Lil. Greetings from Nancy to you both.

Sincerely,

Dennis
