

Dear Dennis,

10/30/96

Very glad to get your 10/28. I've ~~had~~ ^{made} a call in for the woman who was to get the Hoax captors transferred and will include ~~that~~ ^{that} when I hear from her. Had the mail been earlier I'd have handed it to her. She ~~was~~ ^{is} here.

My ^{copying}/retyping situation appears to be better than it has ever been!

I have this woman and a man who was taken ill working. He has his girl friend replacing him. Last evening I spoke to Jerry's assassinations ~~xxii~~ class and got ~~two~~ ^{two} more volunteers. He thinks well of both of them. When the Brown ms. comes I'll give that to the one who can spend most time on this. I'll then get corrections to the other. I mean Mailer ms. corrections, the ms. the other woman is working on. That will give them all something to do and get what they'll do done faster, I hope.

The man/girl friend combo working on Honorable ^{Men}. I'm making an appendix for it of Russell stuff.

Soon it will be time to think of transferring what else ~~you~~ ^{we} ~~were~~ doing and I think it is fine that when you are abroad there are those here who can continue with that and get it done. I've the corrections noted on all that was returned ~~to~~.

I'm glad to get that ^{and} ~~love~~ ^{love} ~~the~~ ^{his} representation of JFK and ^d/of Lemay's effect on him. I've addressed that in Waketh, as I now recall.

11/1. Wrote that as a new chapter for the Prouty book, which is being re-
typed by the woman who is to work on the Mailer ms when she can. She did not call me because she also is in the hospital for a day or so, I was told. Turns out those two volunteers from Jerry's class will not be able to do as much. One said not until the semester ends. The other estimates 8-10 hours a week. She is to come tomorrow to pick the Brown ms up. I do hope I hear what program is to be converted to before mail time tomorrow! Many thanks and best to you both,

Heidi

Dear Harold:

Received your letter of 10/21.

I did, in fact, have the Walt Brown original. I had the secretary sent it back to you this afternoon. She sent it via UPS, so you should receive it in a few days.

I do have the "Hoax" on my computer. If you can find out what word processor program the woman is using, I can copy the relevant chapters in whatever format is appropriate for her computer and sent it along on disk. Just let me know. It can be done quickly. There should be no need to retype it.

Hope all is well.

Sincerely,
