

Dear Dennis,

2/8/96

Your letter of the fifth is great news and is this a day good news is welcome!
I'd like diskettes to ^{Daye,} Gerry, Neichter, McKnight and Dal McGuirk, is you can swing that, and please let me know the costs.

It just occurred to me that Inside might better be called Topsy from the way it grew but I can imagine Turvey being added!

A little less than half of An FBI JFK Assassination Rewrite, formerly referred to a Hosty Pudding, has been retyped by a well-meaning young man who decided he is an editor, which he isn't, and he has taken three times too long and has just about all he imposed to remove, Getting into the worst of that early this morning made me pretty uncomfortable and I can't take those kinds of injections as ^{id} once did. Then the regular visit to the dermatologist to get some pre-cancerous growths burned off (he says "zapped") with liquid nitrogen and then a siege with the dentist that leave me with ~~no~~ lower partial and unable to handle anything hard or sticky for a week, and here I'm lucky it is only a week, not three. No dental lab in town.

Good News about Nancy having more to do, unless the weather is a problem in travel. And I think I have another student, this one from India, who can type. I'll know after I see ^{what} I have to get back from the one from Kenya, what she has, so I'll know what is being worked on! I had additions for Wazeth and for the Newman book I'm anxious to get ^{done} going.

I got Groden's first and have started marking it up. That will take what space it takes for some of the endless mistakes and I think I'll go into the plagiarism. I'd expected to do the Hifton book next but it is again delayed.

Some time ago I heard from Dal that he uses Microsoft and Word Version 6.0. I do not know what ~~that~~ ^{it} means but I presume ~~it~~ they are the programs to be converted into.

Company came. Many thanks,

You've made more progress than I'd have thought your life makes possible and that is good news! And I do appreciate it!

The LaFontaine book, Oswald Talked, is out and is terrible bad. From what they wrote about that two years ago ^{they} have him a police snitch on an illegal guns deal. I'm told that after what I wrote about it the publisher required a number of rewrites. I've heard nothing from them since the WxPost sent them what I wrote.

What can get published!

Again, many thanks,

Harold

Dear Harold:

It's coming!

I'm sure by now you are wondering if you will ever get *Inside...* I just wanted to let you know that we have finished with corrections of the first 26 chapters, and have typed through Chapter 30. As soon as I can get it printed off and packaged up, I'll send it out. It will be within a couple days.

I am sorry that it is not going faster. Nancy's consulting picked up toward the end of December with the result that she has had to add visits to clients in Massachusetts to her routine. It has not left her with much time to type. Also, I have had no volunteers from the Volunteer Center at the College. I will be on the lookout for needy students who can type. In the meantime, if it is alright with you, we'll continue working on it. We should be able to work a little faster now that we do not have to spend a great deal of time deciphering disks from Carol Deck!

When I send along the finished sections, I'll include appropriate disks. One will be an up-to-date copy of everything through Chapter 30. It all fits on one diskette!

Hope you are both well.

You'll be hearing from me again soon!

Sincerely,

Dennis
