Mr. Hugh McDonald

Santa Monica, California

Dear Mr. McDonald:

A number of critics of the Warren Commission Report have decided to organize a new national Committee to Investigate Assassinations...the JFK assassination and others. One of the Members of the Board of Directors of this Committee is Fred Cook.

Fred indicated that some years ago you were involved in a preliminary investigation in Dallas and came up with some startling information.

Are you still interested in the whole problem of assassinations? Would you be willing to cooperate with us in our work?

If so, it is my intention to be in Los Angeles in late January and I would look forward to meeting with you at that time.

Best wishes.

Sincerely yours,

Bernard Fensterwald, Jr.
