Dear Hugh,

Just a note to say hello & say that I  
have a possible lead on the man in the photo on  
steps of Embassy - Harry Dean who lives in L.A.  
area. He is known to a friend of mine, Fred Jensen -  
4640 Noble Ave, Sherman Oaks (783-8037) - also known to  
Bill Turner.

I saw Betty Baker & he either knows nothing or will  
not talk - In any event, a dead end - Really best

signed with best regards

Dear Hugh:

As you can well imagine, our conversation was the most encouraging thing that has happened to me in some time. I am anxiously awaiting the arrival of the material that we discussed.

Confirming our talk, it will be a pleasure to go over the manuscript carefully to eliminate any libelous material. Further, my associates will attempt to reinforce those points which appear to need strengthening. This latter will be done as much as possible on a "need to know" basis.

I am sending under separate cover the material which I promised. You should receive it in a few days.

Again, my congratulations.

Warm regards,

Bernard Fensterwald, Jr.

Dear Hugh:

Unfortunately, I have been out of town most of the time since the arrival of the package but even the first few readings have proved to be fascinating.

Presumably, you will want specific comments on this and on the full manuscript later. In this connection, the "confession" has been read by our research director, Bob Smith, and he and I shall compose our thoughts in the next couple of days and forward them to you pronto.

Just didn't want you to think that we were ignoring such an important matter.

Best regards.

As ever,

Bernard Fensterwald, Jr.
