Dear Mr. Meek,

What I still recall of what you ask is that WM is Wilfredo Mas, the particular Davis is Ricardo (Rudolph Richard) and of the two on 386 the one who claimed to know the other is Harry Dean.

I'd appreciate copies of the documents identifying NO T-1.

Sincerely,

March 24, 1979

Dear Mr. Weisberg,

Recently I have finally been able to obtain a read a copy of your 1967 book, "Oswald In New Orleans". After reading it I have a few questions that possibly you will answer.

Between pages 319 and 386 you mention several people but leave them unnamed. Now that it's 12 years later, could you identify the following: on page 319 you mention Ferrie wanting to locate two men; Sergio Arcacha Smith and ?. At the bottom of page 322 you mention another unidentified person; who is he? Then at the top of 324 you mention a "W.M." and in the last paragraph on 324 another mystery man is described. Finally, page 386 also discusses two other unnamed persons. Could you possibly please identify these people for me.

On page 380 you mention a Davis who knew Oswald and Arcacha. Which Davis is this, for you have mentioned several in the preceeding pages.

In case you have not identified New Orleans informant T-1, please let me know and I will send the proper FBI documents identifying him. Thank you for your time.

Respectfully,

*Jeff Meek*
