

Southeastern Massachusetts University

MEMORANDUM

DATE: April 17, 1985

TO:

FROM:

SUBJECT:

Dear Harold - In the past eight days I have received no first class mail at my home; in the past 6 days, none at the University. Given all of my activities and the dozens of people and agencies I correspond with, this is very odd. If two days elapse with no assassination mail, it is odd. I'm not feeling lonely, simply suspicious that some of HT L signal may be here. Have you written me since ~~April~~ April 8 or 9? Did you get my copy of the 3rd decade article and my query about the windows and the roof in the Macberry St. buildings?

Hope all is well,

Best,
Phil

Dear Phil,

4/21/85

Reur 17, I think I'd just mailed an envelope to you. But probably hadn't for a while.

Thanks for the copy. Rose and I met briefly when he was passing through town and he gave me a copy.

The mall of my walking therapy is just down the road from the motel in which he stayed. He met me there on his way home.

Nothing new here.

No word from ACLU lawyer, who hasn't even answered the questions I asked.

Best,

Harold
