Dear Bill,

Our lane is barely wider than the car, with the snow banks no longer half as high as it or higher. The snow is still so piled at street corners^{ed} you have to get into the intersections in some places before you can see if traffic is coming. But I've been out and today, for the first time since papers could be delivered, that they were not atop the snowbanks along the road, thanks to a friend who yesterday dug a way to the mail and paper boxes. I finished the book I was working on in two weeks of writing and have begun another. That is the one part of me that can function fairly well.

It was nine days before I could get to the typewriter ribbon that had to be ordered. When I put it on a new problem developed with it. The tab key started falling down. Sometimes it sticks and I have to lift it but it works part of the way down. As you can see, I can still use it and am using it heavily. Everything is so automatic with me and this machine after 28 years!

I've three calls in to learn if it can be ^{repaired} repaired locally, and with an appointment so it will not stay on the shelves for a couple of weeks. If I cannot get it fixed locally, when you are in touch with your man will you please ask him if he can? The only other thing wrong of which I know is that the last time I got it back from cleaning the first tab stop did not work. So, I've not had it cleaned since then!

The CD Rom of the Warren Commission is, I understand, limited to the first 15 volumes, the volumes of testimony. No exhibits. I think it is JFK Resources or JFK Lancer that is selling it. What little contact I've had with them is that they seem to be good people.

I've missed the ~~little~~ little ~~and~~ activity I am up to but otherwise we are making out OK.

Two callbacks think maybe they can do it; one cannot.

Thanks and best,

Hopefully it is at least partly fixed. More if it is not

later.

DEAR HAROLD

JUST A SHORT NOTE, TO SEE HOW YOU AND LIL ARE DOING. I HAVE BEEN HEARING WEATHER REPORTS AND PICTURES ON TV OF YOUR AREA OF THE COUNTRY. WE HAVE HAD SOME RAIN LOTS OF FOG WHICH I HATE. YOU KNOW I HAVE PATROL CARS OUT AT NIGHT DURING THIS FOG. I HOLD MY BREATH EVERY NIGHT THAT IT IS FOGGY. OFF THE ABOVE I HAVE LEARNED THAT THE ENTIRE WARMEN REPORT THE 26 AS YOU CALL THEM ~~IS~~ CAN BE HAD ON CD ROM FROM AN OUTFIT IN DALLAS. I AM GOING TO CHECK INTO IT. SURE WOULD LIKE TO HAVE THE REAL THING. STILL MAKING HEAD WAY WITH POST MORTUIM. LOTS OF PAGES. GOOD READING. WELL IT IS 10:30 PM HERE AND WE ARE STILL WORKING IN THE OFFICE, GETTING YEAR END STUFF DONE AND GETTING TAX STUFF READY FOR OUR TAX 941. IT LOOKS LIKE I AM GOING TO GET HIT BACK WITH TAXES, LIKE LAST YEAR OR WELL SOMEONE HAS TO SUPPORT THE CROOKS IN D.C. WELL WILL CLOSE FOR NOW, REMEMBER I YOU NEED ANYTHING THAT I CAN DO JUST ASK

YOUR FRIEND

Dear Bill,

Sorry I was confusing in my 1/5.

I guess I did not know whether you had one of the original printings. If you have the xerox of Whitewash, which your daughter has, that is the size and that is the binding. I think it is called Velo or Vello.

Thanks for the stamps.

For its day the importances of Six Seconds were that a commercial publisher did it and that made it available to more ^{of} people and the excellent drawings based on the Zapruder film. There is really nothing new in it if you are looking for information. ~~But~~ as an investment it should be worth more in the future than it will now cost.

I ^{look} took out my office window and see the stacks of snow diminishing and not a bit of ~~ice~~ water on the blacktop! And it is now 40! It has been above freezing now for nine hours, too.

We have some of you heavy precip in the ^{of} weekend forecast. If it is ~~is~~ rain the snow, or most of it, should go. If it is ^{now} snow we do have some possible troubles and problems.

The book ms. I told you I'd completed is on Browns. The one I've started in on Hosty's. Both very ~~of~~ bad books.

Thanks and best wishes,

Hardy

DEAR HAROLD

JUST REC. YOUR LETTER OF 1-5-96. IN THIS LETTER I QUOTE

I EVEN TELL THEM HOW TO GET THEM. WHETHER THEY DO OR NOT I DON'T KNOW. HOPE SO. WELL ~~HOPE~~ IT IS MID DAY HERE 1:20 PM. I WILL CLOSE LOT OF WORK TO DO. MY DESK IS FULL AS ALWAYS. SAY HI TO LIL.

Bill

P.S. SLOWLY GETTING PITCHERS SQUARED AWAY FOR YOU.

Dear Bill,

1/5/95

Thanks for your 1/3 and the stamps and picture of the memorial stone in it. I think the stone is fine and we appreciate the stamps that Lili will use because she can twist and turn to reach them easier than I. I use rolls in a container and I can reach them from where I sit to write.

The book I'll need to reprint soon is the first Whitewash. It has a binding like Oswald in New Orleans and if you copy doesn't your daughter's does. That will give your friend an idea of the thickness, too. Whitewash is actual size because it was then possible for me to have a master made. I could not with Oswald.

I think Brown's Treachery in Dallas is one of the more stupid, incompetent, dishonest and ignorant books in years. I'm making a record about it for the records for our history. The man is a self-important dundum with a PhD.

His prize sources are fake books. Literally fakes. And he is too ignorant to know that. It is wise if he does know it. But I think he does not.

Our rather severe weather for this time of the year continues. We have a report for another snow over the weekend. We went out and got extra medicines today not to run out when I should not go for them. Also a bit of extra food.

I've heard nothing from Doug and I've written Hal to expect the copy if the ms whenever it is copied.

Now for the rest of mail.

Thanks and best wishes,

Wayne I am missing something.

Bill
