Dear Mr. Weisberg:

I have received your letter of February 18th describing ^{the}~~your~~ unfortunate series of events associated with your 1967 visit to the University.

I have checked the records of the University police department and there is no file, or record on you or the events you describe. I cannot suggest, with any confidence, who or what agency was responsible for what happened but there is no indication of University police involvement.

I have enclosed a copy of the report I recently completed for President Moos. I thought you might be interested in seeing what I was able to discover regarding recent allegations of University-military intelligence cooperation.

President Moos and I will be testifying before the Senate Subcommittee on Constitutional Rights on March 4th when we will have an opportunity to draw the Senate's attention to the scope and character of domestic political surveillance; at least as far as I was able to define it here at Minnesota.

I am sorry I cannot be more helpful in reconstructing the 1967 episode.

Sincerely,

Eugene Eidenberg
