Memorandum

TO : FILE (89-43)

DATE: 11/26/63

FROM : SAC SHANKLIN

SUBJECT: ASSASSINATION OF PRESIDENT
KENNEDY, 11/22/63
AFO

J. L. HANDLEY of Wash. Hdqtrs. called Dallas Office at 10:25 AM and stated had noted piece in paper that Dallas PD had a map which they found in OSWALD's room which allegedly marked the path of the bullet which killed KENNEDY and wounded CONNALLY. HANDLEY wanted to know if we have the map.

He was advised that Agents had said there wasn't anything like that, but we can try and get it. However, it doesn't mark anything like that, and it was pointed out that Inspector MALLEY discussed this map with FBI Hdqtrs. yesterday.

HANDLEY stated TOLSON wants to know if we have it. He was told that we can check and see, but that I didn't think we have the map; that the map is the PD's evidence.

HANDLEY requested that we find out if such a map is in existence, and at least get a picture of it if they won't give us the map.

I told HANDLEY that they found some kind of a little city map, but there isn't even any mark even on the route of the President. There are a couple of marks on it, according to what they told me. Let the Bureau know what it is.

HANDLEY then asked if we had done any investigation into the finances of OSWALD and he was advised we are doing some. HANDLEY pointed out that tho it appeared OSWALD hadn't much money, you just don't take trip to Mexico on small income, and instructed that we get to investigating into OSWALD's finances and let Bureau know.
