“...the definitive work on the Tippit case...a ‘must read’...”
Jean Davison, author of Oswald's Game

WITH MALICE

LEE HARVEY OSWALD
AND THE MURDER OF
OFFICER J.D. TIPPIT

by DALE K. MYERS

A second-by-second account of the murder of Dallas Patrolman J.D. Tippit - killed forty-five minutes after the assassination of President John F. Kennedy - and the frantic manhunt that ended in the arrest of Lee Harvey Oswald.

- 157 photographs in text
- 16 color plates
- 13 maps & illustrations
- 182 documents
- Over 1,000 reference notes
- Bibliography and index

“...a fascinating web of fact vs. fantasy, of the frantic confusion that began with the shots that killed the President on November 22, 1963...Thirty-five years later, Myers has wrapped up the story. His answers make sense. They're supported by pillars of fact and analysis. They should stand.”

Robert H. Johnson, Associated Press (Ret.)

Dale K. Myers, a twenty-year veteran of radio and television, is a recognized expert on the JFK assassination. He wrote *The Detroit News'* 25th anniversary coverage of the JFK slaying and served as a technical consultant for the critically acclaimed 1993 BBC/Frontline documentary, *'Who Was Lee Harvey Oswald?'*

AUTOGRAPHED and **NUMBERED**

Collectors copy. Limited to the first 500 copies. Expires 10/15/98

"Unquestionably the definitive book on the murder of Officer J.D. Tippit. Because of the umbilical cord between this murder and that of President Kennedy, Myers has made a very significant and scholarly contribution to the literature on the assassination of JFK. Absolutely must reading for any student of this national tragedy. A superb true crime book which I highly recommend."

Vincent T. Bugliosi

renowned prosecutor and author of "Helter Skelter"

"...With Malice is an exhaustive, multi-dimensional study of this key episode of November 22, 1963. Myers has gathered and reexamined the voluminous primary sources, has uncovered new information and material - and for the first time - has melded this material to come up with a credible conclusion of the guilt of Lee Oswald in the murder of J.D. Tippit. Scores of documents, diagrams and photographs add to the clarity of Myers' text and assist in making this 700 page volume both attractive and useful. While Myers cannot answer all the questions relating to this incident, since the murder of both chief participants silenced motives and previous actions, the author is able to dispel much previous incorrect speculation and clear up numerous controversies. Dale Myers has written the authoritative book on the murder of Officer Tippit. His book will stand as a major contribution to the truth of the events in Dallas on November 22, 1963."

Richard B. Trask

archivist and author of Pictures of the Pain and That Day in Dallas

"At last a comprehensive study of an often overlooked aspect of the Kennedy assassination: the murder of Officer J.D. Tippit. Dale Myers has conducted exhaustive research on the subject and used logical reasoning in his conclusions. He has mastered the art of blending documented evidence and personal interviews into resolving an often debated murder mystery. Though there will always be doubters, Myers has conclusively answered most of the questions regarding the guilt of Lee Harvey Oswald in the murder of Officer Tippit. Supplemented with an impressive array of photographs and endnotes, With Malice is the definitive study on the subject and should remain so for many years to come."

Larry A. Sneed, author of

No More Silence: An Oral History of the Assassination of President Kennedy

What other experts are saying about *With Malice...*

"I still wonder what would have been the consequences for Dallas had Oswald escaped? Until author Dale Myers so painstakingly retraced the event, the person I consider a national hero, Officer Tippit, had remained largely a faceless player in the JFK assassination cast. Yet Tippit's showdown with Oswald had a momentous impact on the outcome. Thanks to Myers, maybe history will remember the price Tippit paid in the performance of duty in 1963."

James Ewell, former Dallas Morning News reporter

"*With Malice*, by Dale Myers has finally cut through the veneer of insinuations and innuendos applied by the conspiracy buffs for the past thirty odd years. He has cleared up the points of confusion brought on by the rumors and hearsay that had no basis of facts. *With Malice* clears up many questions about the murder of Officer J.D. Tippit and the assassination of President Kennedy."

James R. Leavelle, retired Dallas police homicide detective who quizzed Oswald

"As I read through *With Malice*, I found myself once again caught up in the tragic events of that day in Dallas...reliving the capture of Oswald. Myers' book is thoroughly researched and well organized...a documented exploration of the true facts."

M.N. "Nick" McDonald, retired Dallas police officer who arrested Oswald

"*With Malice* is by far one of the best and most interesting books surrounding the assassination of President John F. Kennedy that I have read. No doubt Myers put in many years of research to write such an outstanding book."

Paul L. Bentley, retired Dallas police detective who subdued Oswald

"One does not have to accept all of Dale Myers' findings to recognize the value of this, the first serious study of the Tippit murder, a vital element in the assassination story long neglected by official and unofficial probes alike."

Anthony Summers, author of "Conspiracy"

"...Without a doubt, *With Malice* is one of the best books on the JFK assassination I've ever read. It is thoroughly researched, well-written and filled with many new details - all and all, a very scholarly and extremely interesting work...I expect that this will be the definitive work on the Tippit case...definitely a 'must read'..."
