Dear Mr. Weisburg:

I am a freshman at the University of Michigan. Over the course of the past few years, my interest in the John F. Kennedy assassination has grown immeasurably. Through the contact of a personal friend, who has done an extensive research and study of the assassination and the report submitted by the Warren Commission, I am more than enthused to purchase your book "POST MORTEM - J.F.K."

ASSASSINATION COVER-UP SMASHED! He recommended this book be read, for it reveals all previously unknown and pertinent information accredited by your own investigation. Enclosed is a check for \$10.75 to cover the amount of the book.

I, personally, emphatically question the authenticity of facts released by the Warren Commission's report. Towards the end of this, the Bicentennial Year, a long awaited reopening of the case will disclose all existing data, concerning the actual truth which originally was withheld!

If I can be of further assistance,
or if you can refer me to additional
books of reference, your cooperation will
be most appreciated.

Thank-You
