

M E M O R A N D U M

May 12, 1967

TO: JIM GARRISON, District Attorney

FROM: WILLIAM R. MARTIN, Assistant District Attorney

RE: RICHARD CASE NAGELL
Medical Center for Federal Prisoners
Springfield, Missouri
A-16606-H

On the morning of April 25, 1967, I had a rather lengthy meeting with a clinical psychiatrist of this City and, with his very valuable assistance, composed a letter to Mr. Nagell which, according to the psychiatrist, would be most likely to produce the desired results.

At no time was the psychiatrist given the correct name of the subject or his address and, for his part, asked that his assistance and cooperation be kept in confidence since he did not particularly want to become involved or to have his name connected with this matter in any capacity.

The letter to Mr. Nagell (copy attached hereto) was returned to me from the Federal Medical Center with a letter signed by Mr. Nicholas stating that the subject had refused to accept my letter and that he had requested that all persons be removed from his official correspondence list.
